EXPLOSIVE BEHAVIOUR:	Not applicable.

HEALTH AND HAZARDS

Wear goggles, gloves and dust respirator. Do not eat, drink or smoke while using product.

Occupational Exposure Standards have been established for atmospheric dust – see HSE notes EH40.

(2 of 3 Pages)

FIRST AID

Inhalation:	Dust has low toxicity but may form deposits in nose and respiratory tracts.
Skin:	Prolonged exposure may result in some irritation. Wash exposed skin thorough after use.
Eyes:	May cause irritation on contact. Irrigate eyes with water thoroughly for 15 minutes.
Ingestion:	Unlikely that sufficient could be accidentally ingested to cause hazard. Small quantities not harmful.

OBTAIN MEDICAL ADVICE IF ANY SYMPTONS PERSIST OR IN DOUBT.

STORAGE

Locate away from sources of heat, fire and explosion. Store under cover, in original containers in a secure and well ventilated cool, dry area. Store clear of foodstuffs and in a separate stack from herbicides. Keep away from children.

SPILLAGE

Spillages are collected and used for its purposes if possible. Sweep up gently to avoid raising dust and place in suitable marked container. Contaminated material can be disposed of in an approved land fill, in accordance with local regulations depending on type and extent of contamination. Do not put in drains, sewers or watercourses.

TRANSPORT

Bone Meal is stable. Ensure free of contaminants.
